Company Announcement

Tamarack Inc. of Roy, Utah is voluntarily recalling Eclipse Kratom-containing powder products because it has the potential to be contaminated with *Salmonella*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The affected powder products are packaged in plastic heat sealed pouches or plastic sealed bottles sold in one gram capsules and powder. Distribution of an estimated 120 units were sold directly to five retailers in Utah.

No illnesses have been reported to date.

The recall was initiated after Tamarack Inc. was notified of positive *Salmonella* test results by the Food and Drug Administration. Tamarack has identified the supplier and source of contaminated product and has ceased the production and distribution of the product.

Consumers who may be in possession of potentially contaminated products are advised not to consume products labeled Eclipse. All products associated with this recall should be returned to Tamarack Inc. for a full refund. Customers can return product to the place of purchase for a full refund and retail stores will receive a full refund from Tamarack Inc. within 14 business days.

Tamarack Inc. is working in cooperation with the Food and Drug Administration and will destroy all recalled product upon return.

Customers with questions about this issue should contact Tamarack Inc. anytime by e-mail at 51tamarackinc@gmail.com (<mailto:51tamarackinc@gmail.com>).
