Company Announcement

PDX Aromatics, DBA Kraken Kratom, Phytoextractum, and Soul Speciosa, is again expanding the scope of their 3/9/2018 and 3/15/2018 voluntary recalls to include certain red vein and green vein kratom powder and capsule products because they have the potential to be contaminated with *Salmonella*. The second expanded recall is being initiated in response to additional positive findings of *Salmonella* associated with PDX Aromatics' products following the FDA's investigation.

To date the company is aware of four confirmed cases of *Salmonella* associated with consumption of red and white vein products.

Salmonella, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The expanded recall includes certain red vein powder and capsule products shipped between 12/1/2017 and 3/8/2018 and certain green vein powder and capsule products shipped between 9/18/2017 and 11/1/2017 and between 2/9/2018 and 3/8/2018.

The expanded recalled products were sold directly to internet consumers in the US through the company websites <http://phytoextractum.com> (<http://phytoextractum.com>) [↗](http://www.fda.gov/about-fda/website-policies/website-disclaimer) (<http://www.fda.gov/about-fda/website-policies/website-disclaimer>); <http://soulspeciosa.com> (<http://soulspeciosa.com>) [↗](http://www.fda.gov/about-fda/website-policies/website-disclaimer) (<http://www.fda.gov/about-fda/website-policies/website-disclaimer>).
